

CABLE BARRIER DELINEATOR

FEATURES

- Designed to increase visibility of cable barrier systems
- Post size 19" or 33"
- Highly visible reflectivity
- Premium UV added for long lasting color
- Hardware included
- Fast and easy installation
- MUTCD compliant

SPECIFICATIONS

- Made from impact resistant recycled composite material designed for mounting on cable barrier posts.
- Posts are manufactured with greater wall thickness to provide structural integrity allowing it to hold up to wind and snow plow windrows.
- Standard posts are permanently sealed and partially flattened to accommodate a 3" x 3" and up to a 3" x 12" piece of reflective sheeting.
- The "shortie" was designed to accommodate the passing of snow plows.
- Installed with two beam clamps or self-tapping screws.

AVAILABLE POST COLORS
