

# PLASTIC BARRICADE

EXTRUDED PLASTIC PANELS WITH GALVANIZED LEGS  
TD2250 MODEL

**NCHRP350 CRASH TEST CERTIFIED  
AND MEETS MUTCD STANDARDS**

## FEATURES:

- Type I and Type II can be purchased as assembled units or component parts. Legs and boards can be purchased separately. All barricade components are completely interchangeable.
- Legs are standard 45" manufactured using galvanized steel in 12 and 14 gauge thickness.
- Barricades are assembled utilizing 1/4" x 1" galvanized carriage bolts with locknuts and are hinged with two 1/2-13 X 1" hex bolts and 1/2-13 nylon locknuts.
- High impact extruded plastic panels are reinforced to reduce bending and warping.

## **NCHRP350 Approved: WZ-54 MASH Compliant Category I Device**

All sheeting complies with  
ASTM 4956.19 requirements.

## COLORS AVAILABLE:

The TD2250 Works Barricades is currently available in White. Three D Traffic Works can manufacture this product to your desired color.

## GENERAL INFORMATION:

General information is listed on the reverse side. The measurements provided are intended only as a source of information. They are given without guarantee and are not classified as a warranty. A specification will be sent to you upon request.
